Based on your self-assessment activities from the Self-Assessment section of this website, how would you describe yourself?

What majors interest you?

Why would these majors be a good “fit” for you?

What skills do you have or would you like to develop during your undergraduate years?

What type of career are you considering immediately upon graduation?

What type of experience should you have to make you competitive for this career?

Are you considering graduate school as a means to achieve your goals? _____

What type of graduate program?
