Workshops Sponsored by the Collaborative Learning Center

Academic Time Management: A Simple Plan for Academic Success

Achieve academic success by moving beyond basic planners and calendars; learn how adding a few simple time management techniques to your routine can significantly improve your academic performance and reduce the anxiety that comes with procrastination.

- Session 1: January 12, 12:30p - 1:30p
- Session 2: January 13, 11:30p – 12:30p
- Session 3: January 14, 7:00p – 8:00p

The Most Effective Note Taking Strategies

Do you find yourself taking notes and then not knowing how to study them later? Or maybe the way you take notes just isn’t working for every class. This workshop will introduce you to different strategies to revitalize your note-taking and increase the variety of note-taking and note-using methods you can use for different purposes including note-taking during lectures, reviewing new material, deep study, and other circumstances.

- Session 1: January 12, 2:00p – 3:00p
- Session 2: January 13, 7:00p – 8:00p
- Session 3: January 14, 5:00p – 6:00p

Understanding Your Course Syllabus

Course syllabi are your roadmaps to academic success, but students may gain opportunities to optimize performance in every class by learning their way around their syllabi. Know how to succeed in each class by understanding course objectives, and knowing which course resources and assessments are most crucial to your grade.

- Session 1: January 11, 9:00a – 9:30a
- Session 2: January 11, 3:30p – 4:00p

Online Learning Tips

New to online learning? Looking to improve your online learning experience? Come learn about tips and strategies that you can use to be a successful online learner.

- Session 1: January 13, 10:00a – 11:00a
- Session 2: January 14, 3:30p – 4:30p

Workshops Sponsored by Instructional Technology
